 **TEMKIN** STATIONERY & CRAFT PACKAGING

EXPOSE

Temkin Header Bags can be adjusted for material, size, and print so you can create a package that works for you. All bags are equipped with a reinforced header and can be printed with custom logos and designs.

STAND OUT

Temkin Pouches feature a self-supporting bottom gusset and are a versatile, attractive, and consumer-friendly packaging solution. Custom logos and designs can be printed in up to eight colors.

TEMKIN DECORATIVE STATIONERY & CRAFT PACKAGING

Boost the consumer appeal of your packaged stationery and craft items with Temkin's full spectrum of printing and creative services. From detailed eight-color printing to metallic films, matte varnish, and in-house design, Temkin offers all of the resources necessary to transform your packaging into your most cost-effective marketing tool.

Production styles range from popular items including Flat Bags and Header Bags to Lip 'N' Tape Bags, Gusseted Bags, and Pouches. Temkin can help you create packaging that will make a statement.

1 Header bags with 7 colors and hang holes on 1.6mil BOPP

2 Header bags with 4 colors and hang holes on 1.2mil PLA

3 Header bags with 2 to 6 colors and hang holes on 1.6mil BOPP

CUTTING EDGE SPEED

With 470,000 square feet of production space, four locations, and the capacity to process more than 20 million square feet of material per day, Temkin is specially tuned to deliver high volume orders in industry-leading turnaround times.

SHOWCASE CREATION

Zipper Pouches can be highly customized to meet your unique merchandising requirements. Our versatile production options include various seal styles for flat and upright presentation as well as hang holes and handles for enhanced portability.

Laminated zipper pouches with 8 colors, metallic film, resealable zippers, and hang holes

- 1 Laminated header bags with 6 to 8 colors and hang holes
- 2 Clear stock header bags with lip 'n' tape on 1.6mil BOPP
- 3 Header bags with 6 to 7 colors on 1.6mil BOPP

A TO Z CAPABILITIES

To deliver optimal quality and industry-leading turnaround times, Temkin employs the practice of extensive insourcing.

From design and prepress to plate making, ink mixing, mounting, lamination, printing, and converting, Temkin's in-house production capabilities enable us to guarantee quality and consistency at every step.

PRODUCT SAMPLING

Pouches

feature a bottom gusset for upright presentation and optional interlocking zippers for a convenient resealable closure.

Side Gusseted Bags

have expandable pleats which facilitate bulk items and upright presentation.

Crimp Seal Gusseted Bags

feature cost-effective coextruded film and a heavy-duty crimp seal bottom. All bags are heat sealable.

Basket Bags

make wrapping baskets effortless. Coordinate basket bags with rolls, sheets, and gusseted bags for a unified look.

Prepackaged P.O.P. Bags

present our gusseted and basket bags for retail displays. Select our header design or create a custom look.

Side Weld Flat Bags

are great multipurpose bags featuring complete product visibility or up to 100% print coverage.

Lip 'N' Tape Bags

are available with either a permanent tape closure for a one-time seal or resealable tape for extended use.

Header Bags

are available with resealable or permanent lip and tape closures for easy product loading.

Grab 'N' Go Header Bags

feature an added handle on a classic header bag for an easy-to-carry package.

Promolope™ Envelopes

are an attractive alternative to plain, paper envelopes and are available in a variety of film options.

Handle Bags

create a convenient way for retailers to brand products. Easy-grip handles simplify transportation.

Info Pocket™ Attachments

can be filled with almost anything. Each pocket has permanent tape on the back for a secure attachment.

Rectangular Sheets

are available in a wide variety of sizes. Sheets are available clear, custom printed, or in hundreds of stock designs.

Consumer Rolls

are available in a vast line of stock patterns, sizes, and materials for a wide variety of uses.

Clamshells

effectively present a variety of bulk items with their durable rigid structure and versatile molds.

LET'S GET CREATIVE

Temkin has an extensive stock line, numerous production styles, and custom capabilities to help create the ideal package for each unique application. Handles, hang holes, and tear notches are just a few of the many processing options designed to provide greater convenience and enhance product merchandising possibilities.

OUR PROMISE TO YOU

Since 1980 we have distinguished ourselves in the flexible film packaging industry by going above and beyond expectations. Our passion for service, value, and distinction earns the confidence of our customers and is your assurance of a job done well.

THANK YOU FOR YOUR TIME AND CONSIDERATION.
We look forward to exceeding your expectations.

THE TEMKIN LEGACY

Temkin International, Inc. has been supplying customers with superior packaging products since 1980 by focusing on the core principles of service, value, and distinction.

Understanding that our greatest successes are also yours, we take pride in helping our clients stand out in their respective industries; providing quality products that reflect the unique brand attributes of the companies they represent.

A legacy of customer service and quality products has earned Temkin its position as a leader in the flexible film packaging industry. As an AIB audited domestic manufacturer with extensive insourcing and impressively fast turnaround times, Temkin not only delivers exceptional quality, but also peace of mind.
